MISSOURI.

The St. Louis Republic of last Friday's issue has the following despatch from the State capital of Missouri:

"Field bill to sustain the credit of the State has been under consideration all the afternoon. A motion to amend on fourth-one per cent. was voted down by fifty-seven to forty-one. The bill provides for a tax to this amount, and also to collect the two per cent. fund claimed by the State from the United States. The bill will probably pass."

WISCONSIN ELECTION.

The Milwaukee News of the 13th says:

"By reference to our table of returns, it will be seen that the Democrats are still largely ahead of Mr. Randall. The official statements vary the figures, of course; but the relative changes are such, thus far, as to keep the race about as the unofficial returns left it. We regard it as certain that the majority for Mr. Cross cannot be reduced below 1,000. It may be 1,500."

Governor Wright, of Indiana, our minister to Prussia, has been elected a member of the Berlin Geographical Society.

DEATH AND FUNERAL OF DENNIS PRIEUR.—A wide circle of friends and acquaintances lament the decease, yesterday morning, of Hon. Dennis Prieur, of this city, at the age of 66 years. His funeral will take place this afternoon, at 4 o'clock, at the residence of his sister, M'ne LeComber, 123 Canal street.

Mr. Prieur has held the post of mayor of New Orleans and collector of the port, besides other offices of trust and honor in city and State, and has for many years occupied an eminent position among his fellow-citizens.

[N. O. Picayune, Nov. 10.]

Mr. Zachariah Albright, aged one hundred and nine years, died at the residence of his son, in Licking county, Ohio, on the 8th inst. The deceased was born in Maryland in 1748, when the United States was in the infancy of the revolutionary war, when he entered the army as private soldier and remained in it until its close. A notice of his decease in the Advocate says: "Temperate, honest, virtuous, he quietly and happily descended into the vale of years, with recollections undisturbed by remorse, and surrounded by friends and family, and a peaceful and contented life. He was a man of simple habits, and a true patriot, and his death is a loss to his country."

It will be remembered that, some time since, a letter enclosed in a bottle, and purporting to have been written on board the steamer Pacific—just as she was about to sink—was picked up on the coast of France. It spoke of the Pacific as having been caught between two icebergs. It commenced in this way: "Steamer Pacific; Edinburgh; Captain Smith, passenger." The Norfolk Gazette says that the friends of Legend Smith, who was a passenger in the steamer, believe this to have been a genuine document. They say it resembles Smith's way of writing, and that there is nothing improbable in supposing that he actually wrote the letter, and enclosed it as stated. They propose to send it to France, and obtain the letter, in order to examine the handwriting.

A New York paper says: After a delay of some twelve months the steamer Adriatic will sail on her first regular trip for Europe. The final alterations in her machinery have at last been completed, and the yesterday made her trial down the bay and back, to the satisfaction of all on board.

Last week Joel Schoonhoven, one hundred years of age, was discharged from Sing Sing State prison, having been pardoned by the governor. He is a native of Orange county, New York, and reached the age of a century in prison on the 4th of July last. He saw Washington at Newburg during the war.

Maj. Thomas Mull, several years a member of the Mississippi legislature, was killed at Memphis, Tennessee, on the 9th inst., in an affray with W. R. Hunt, a wealthy iron-master of that city. Lord shots were fired, one piercing Maj. M. through the heart.

Among the items of news brought by the Arabia we find intelligence of the alarming illness of Lord Aberdeen, which is causing much anxiety to his friends. His condition is described as "very bad." Lord Aberdeen has long been quite prominent in British politics.

LOCAL NEWS.

THE CITY COUNCIL LAST NIGHT.—The Board of Aldermen met last night for the regular session.

A bill was reported from the committee on the fire department appropriating one thousand dollars for the benefit of the Union Fire Company. This bill elicited considerable discussion, and was finally passed with an amendment reducing the amount of appropriation to six hundred and fifty dollars.

The Common Council.—The postponed communication was received from the mayor:

MAYOR'S OFFICE,
Washington, November 16, 1857.

To the Board of Aldermen and Board of Common Council:

GENTLEMEN: The contractor for the erection of the Washington almshouse has commenced operations and is now vigorously prosecuting that work, and the ordinary means of the corporation will not be adequate to meet the monthly payments stipulated for in the contract, and unless some extraordinary method is resorted to for the purpose of raising the funds, that work will have to be suspended until next year's taxes are due, and then will absorb all the money which could be otherwise used for the improvement of streets, avenues, &c. I therefore suggest that authority be given to the mayor to anticipate the revenue to the amount necessary to carry on the building, in such monthly sums as may be required to meet the stated monthly payments, which as a total will be when the building shall be completed, twenty thousand dollars.

The probable receipts of the current fiscal year will not more than meet its present outstanding obligations, and those which will accrue monthly—viz: the payment of salaries of officers; for work already done in the progress of improvements; now under way, and such repairs as may be absolutely necessary; and, as it is not at all probable that the banks, in the existing financial condition of the country, can permit the corporation to overdraw, as has heretofore been the case, it will be necessary to provide for the payment of the interest on the funded debt, which will fall due on the 31st of December proximo, amounting to \$10,922, and a half year's annual interest, which will also fall due on that day, amounting to \$1,500. I therefore respectfully suggest that you take such action as the emergency in these cases may require in time to enable the officers of the corporation to make the necessary provision to meet them.

Very respectfully,
W. B. MACGREGOR, Mayor.

A communication was also received from the corporation attorney, in answer to a resolution of inquiry, expressing the opinion that the ninth section of the charter of 1820 continues to be operative so far as to require the marshal to receive and safely keep, at the expense of the corporation, all persons who may be committed in execution upon judgments rendered for penalties incurred by violation of its ordinances. It was referred to the committee on police.

The bill from the upper board prohibiting the sale of certain liquors and drinks on Sundays, and for other purposes, was reported from the committee on police, and passed.

A substitute for the bill regulating the quality and weight of bread was reported from the committee on police, and made the special order for Monday next.

Mr. Mulloy introduced a bill for the relief of the outdoor poor; which was referred to the committee of ways and means. This bill appropriates \$400 for wood and \$500 for bread and soup.

The "police bill" from the upper board was referred to the committee on police.

The opinions of the court adverse to the claimants were delivered by Judge Gilchrist in the cases of Christiana Dener vs. The United States; Ralph Richardson vs. The United States; Francis Nadeau vs. The United States.

The opinions of the court adverse to the claimants were delivered by Judge Blackford in the cases of Terris C. Stern and another vs. The United States; Ann W. Butler, administratrix, vs. The United States; Thomas R. Gedney vs. The United States. Judge Blackford also delivered the favorable opinion of the court in the case of C. T. Scarfe, administrator, vs. The United States, allowing to the claimants the sum of \$5,645.

The opinions of the court adverse to the claimants were delivered by Judge Scarborough in the cases of Robert S. Garnett vs. The United States; Abraham R. Woolsey vs. The United States; Lewellyn Jones vs. The United States; and Benjamin S. Springer vs. The United States. Judge Scarborough also delivered the favorable opinions of the court in the case of Neal Smith, administrator, vs. The United States, and in that of Ferdinand Cox vs. The United States, allowing the claimants of the latter case the sum of \$662.69.

John F. Callan, of this city, was appointed a commissioner of this court to take testimony.

And then the court adjourned until 11 o'clock to-day.

THE CONCERT THIS EVENING.—We are not surprised to learn that a large number of our musical, fashionable, and distinguished citizens intend gracing Carus's Saloon this evening, to welcome the famed prima donna, Mad'le Frezzolini. She has made a favorable impression upon the audience before she has sung in other cities, and will doubtless sustain her European reputation before our metropolitan critics. It will be a rare treat to the ladies, too, in these hard times, when they have "nothing to wear," to see the *cantatrice* who has the reputation of dressing with more taste and elegance than any of her rivals.

Mad'le Frezzolini is admirably sustained by Thalberg, Viennese, Strakosch, and that universal favorite, Madame Amalie Patti Strakosch—a brilliant combination of talent not often to be found in a concert room. Those wishing good seats will do well to secure them without delay.

that flourished was gossip upon Nicaragua and Yucatan, which did fair to rival the Daubian principalities, of which all readers of foreign journals have had such a surfeit.

Judging from the reports received from all parts of the country by telegraph at the Smithsonian Institution, the "rainy season" has set in. It is to be hoped, however, for the sake of those employed on the public buildings, that we shall enjoy many more pleasant days before Christmas.

THE CIRCUIT COURT YESTERDAY.—The day was mostly occupied in the argument of demurrers to certain pleas in the case of Wm. T. Smith vs. Wm. W. Mann. The argument was not completed at the time of adjournment, and it is expected that the case will occupy several days.

David Armour, a native of Ireland, aged about thirty years, was naturalized. Also, Eugene Lenaghan, a native of the same country, aged about twenty-five years.

The following cases were assigned for to-day: Nos. 139, 140, 142, 154, 166, 172, 173, 185, 186, 198, 215, 217, 229, 235, 249, 262, 275, 287, 298, 305, 367, 275, 280, 281.

DISTANCE.—It is a mile and a half from the northern end of the Navy Yard bridge to the Capitol, a mile and a half from the Capitol to the Executive mansion, and a mile and a half from the Executive mansion to the corner of Bridge and High streets, Georgetown. Pedestrians who wish to ascertain what "time" they can make will find it exactly one mile from the Capitol to 11th street, two miles to 20th street, and three miles to the corner of Bridge and High streets, Georgetown—the Vanderwerker omnibus route.

A NEW CHURCH.—The German Lutherans have now nearly completed a fine new church on the northeast corner of E and 4th streets. It will be capable of seating three to four hundred persons, exclusive of the gallery for the choir in the west end. The interior walls of the building are beautifully papered in imitation of variegated marble. It is expected that the church will be ready for occupancy by next Sabbath, and that it will be dedicated to Divine service on that day. The Rev. Mr. Norton is to be the pastor.

ACCIDENT.—A gentleman who was riding on horseback down Pennsylvania avenue yesterday morning, carrying an umbrella, was suddenly landed on the pavement by the shying of his steed. He appeared more astonished than hurt, and sat philosophically for a moment or two, holding his umbrella over his head, and watching his horse gallop off.

THE CONGRESS LIBRARY.—For the convenience of strangers desirous of visiting the Congressional Library, we would simply state that it is open to the public on Tuesdays, Thursdays, and Saturdays, from 9 o'clock, a. m., to 3, p. m. It is from the balcony of this library that one of the finest views is obtained of the federal city and the surrounding country.

THE SLOOP OF WAR LYCOMB.—This vessel was at the Kettle Bottom flats, about sixty miles below the city, on Saturday last, awaiting a favorable wind, or tow up. She is reported to have sailed from Southampton, England, on the 6th of October, and to have encountered heavy weather on her voyage.

WASHINGTON LIGHT INFANTRY.—This "ancient and honorable corps," now commanded by Captain Davis, is making preparations for a grand ball on the 23d inst., at which several military manoeuvres and the manual of arms will be executed by a detachment, which is now being drilled for the occasion.

FIRE-WOOD.—We are pleased to learn that fire-wood will probably be both plentiful and cheap during the coming winter. The Baltimore market is already overstocked, and retail prices there have been reduced within a few days past.

LOTA MOORE.—We are informed that this noted personage intends visiting this city soon after the meeting of Congress, to repeat her lecture on "Woman," which she has delivered at Boston, New York, and Philadelphia with marked success.

NEW TICKET OFFICE.—We notice that the Washington and Baltimore railroad folks have provided themselves with a fine new ticket office in the main hall of the depot, adjoining the baggage-room.

A CLOCK IN THE ROTUNDA.—We notice a fine new clock in the rotunda, over the east door. This will be a great convenience both to visitors and Capitol employees.

TWO KINDS, American and Yorkshire, Bed Blankets, for single and double beds, the best and cheapest we ever offered.

Also, extra super and large blankets, for "large double beds," 100 bed comforts, city made.

10 cases extra super, all wadded.

3 cases pillow cotton, assorted.

20 pieces from sheeting, 40 pieces pillow linen, all grades, at the lowest prices.

Now supplies from the North and East daily.

One price only, marked in plain figures; no deception permitted.

We are not opening new bills, and discounting all old ones that remain unsettled.

BY TELEGRAPH.
Four Days Later from Europe.

St. John, Nov. 14.—The steamer Ariel, from Southampton, with dates to the 6th instant, passed Cape Race last night on her way to New York. The new boat-arrangement of the steamer Ariel enables us to sail on forward, in advance, a brief outline of her advice.

The Ariel brings \$400,000 in specie.

The steamer Niagara arrived out on the 1st.

The Belgian ministry had resigned.

The health of the King of Prussia was still improving.

The arrangements for the launch of the steamer Great Eastern proved a failure
